

Extra PE02 Work

INSERTs and SELECTs

- After creating the table:
 - Insert a book that has 5 authors (all 5 authors filled in)
 - Insert a book that has 2 authors (author 1 and 2 only have values)
 - Insert a book that has 1 author (author1 has a value)
- Show the books that have only 1 author (author 2 – 5 are NULL)
- Show a listing of the books with their ISBN numbers. Call the fields ISBN and Title – hint: use alias)
